K. Y. Cross, Newkirk is the county seat of Kay County. Blackwell wants to be. There is a frigidity between the two towns which is more pronounced than the frost on the McAlester statehood convention and some of the delegates got their feet frozen.

Notice.
There will be a meeting of the Royal Order of Joseph Saturday evening at 9 P.M. in the Woodman Hall, over Spencerville hardware store. There is no regular business to transact.

A. A. Meacham, Secretary.

COLONIAL PROBLEM.

Dear College Control Belong to the Church?

Berrioz McRae Press Assoc., Manila, Dec. 19.—The Philippines commission has completed the tariff bill and mailed it to Washington for approval. The decision of the commission will be made public Monday.

The first question dealt with by the commission acting in consultation between the church and the United States is whether the control of the San Jose medical college is vested in the government or the church. The college was established by request in the 1750s under the Spanish government, and the control was given to the church. When the authority of the church in the Philippines passed to the Spanish government, an attempt was made to dispossess the church of the college, and later permitted the Dominican order to conduct San Jose college as part of the university of Santo Tomas. Following the American occupation, a representative of the people insisted that the college, under the treaty of Paris, came into the control of the United States and ought not to be controlled by the church. The church authorities claimed the church had full legal possession. General Otis finally closed the institution. The last hearing took place shortly after the arrival of the commission. Archibald Chappelle and Sonakela made the presentations of the church.

If the commissioners decide that the control is vested in the government, litigation is considered probable.

STARVING RUSSIANS

IN NORTH DAKOTA

Berrioz McRae Press Assoc., Fargo, N. D., Dec. 29.—The suffering and want of Russian settlers in St. Henry county is great. Thirty-three families are dependent upon charity and some of them are actually starving.

Legislative League Convention Call

In pursuance to instructions by convention held at Lawton, all counties of Oklahoma are invited to meet in their respective county seats on Sunday, January 3d, at 1 p.m., and there elect two delegates to attend a territorial convention to meet at Guthrie on Tuesday, January 5, 1901, at 10 a.m. for the purpose of organizing the entire territory in the inter-

ests of favorable and desirable legislation for our territory and to recommend such legislation to our representatives for enactment.

Respectfully submitted,
James Kirkwood, President.
M. H. Bratz, Secretary.

Laxative Bromo-Quinine Tablets.

* The Dillard Treatment * FOR WHISKY, MORPHINE AND OPIUM HABIT.

Are You Addicted to the Liquor, Morphine or Cocaine Habit?

If so, why not consult Dr. Dillard, the eminent specialist. Remember, Dr. Dillard is in no way connected with any other so-called liquor cure, in fact it is an entirely different treatment than the Keeley and similar cures. This treatment builds up the nervous system, increases the weight, and restores the whole human system. Dr. Dillard has had 22 years experience in general practice and has made the cure of the above diseases a life study. To convince the public that he has the only permanent cure for the above diseases, Dr. Dillard will treat again free of charge, any case he fails to cure, or in other words, if any being treated for the liquor habit to remain with him one week, then they are placed on tonic treatment for thirty days, after which they are cured. For the drug habit they remain under the Doctor's care for from fifteen to twenty days.

All Whisky cases for Fifteen days, commencing Jan. 1, to Jan. 15, 1901, will be treated free of charge; said patient to pay \$15 to cover expenses—such as board, nursing, medicine bills, Etc. A few testimonials:

TESTIMONIALS.

From the Mayor of Guthrie

Guthrie, Okla., Dec. 25, 1900

To whom it may concern:
I desire that I am well acquainted with Dr. Dillard, that I have visited the vicinity of his establishment at the Higher Auditorium, Mr. Foster, Mr. White, Mr. Moore and others that he has treated since he located here and I do not know of a single nature I have fully recovered the Dillard treatment for the liquor habit.

B. B. BROWN

On the 24th day of September, 1900,

I commenced taking the Dillard treatment for morphine and cocaine habit. When I commenced the treatment I weighed 120 pounds; my weight now is 180 pounds. I used morphine for 10 years and was cured in 15 days. Dr. Dillard cured me from the accustomed habit. No tongue can express the many thanks to Dr. Dillard for what he has done for me; he also cured me of a long standing case of catarrh of the stomach. I had been treated by several eminent physicians and all failed to cure me. I am now in good health, all by trusting in Dr. Dillard.

T. J. GARR

SEWARD, Okla., Aug. 18, 1900.

To whom it may concern:

This certifies that on the first day of August, 1900, I took the Dillard treatment for the liquor habit. I have no desire for whisky, and never felt better in my life. Have gained 10 pounds and have worked every day since I left the doctor. I was with him one week. I can work hard all day and it does not tire. I would not be back where I was three weeks ago for \$1,000, and I can and do cheerfully recommend the Dillard treatment for the liquor habit.

JAMES A. MUSKIN

On the 24th day of September, 1900,

I took the Dillard treatment for liquor habit. I drank whisky excessively for about twelve years. I was considered almost a total wreck and had reached a point that there had to be something done. I was introduced to Dr. J. W. Dillard, the specialist, and commenced to take his treatments immediately. At the end of the first week's treatment I went to work at my trade and have worked almost every day since. I have no desire for liquor and am in perfect health. I advise everybody who is addicted to the drink habit to consult Dr. Dillard. CHAS. WILSON

GUTHRIE, Okla., Dec. 24, 1900.
I can truthfully say without fear of being successfully contradicted that the Dillard treatment for the whisky habit is a thoroughly successful one. It has most effectually cured me, and I was a "pretty hard case." I have gained flesh continuously since leaving the Doctor's care, feel excellent and recovered ambition that has been dormant for years. It is worth one hundred fold the price, and then the half has not been told. I will cheerfully give my experience to anyone desiring it. If you want to do yourself an everlasting favor and enhance the respect of the community you live in take the Dillard treatment as soon as possible.

CHARLES W. MAINE.

To whom concerned:

On August 15th, 1900, I began treatment for the liquor habit. I had been drinking a quart or more of whisky daily for some time and had been addicted to the habit more than 20 years. Since taking the Dillard treatment I am entirely free from all desire or inclination to drink intoxicants. I have gained 20 pounds in weight and am enjoying better health than I have for years. I cheerfully recommend the Dillard treatment to afflicted git the liquor appetite. Very truly yours,

W. N. VOTAW.
